Round Party Tray Domes

Two styles to choose from
With or without knob in center

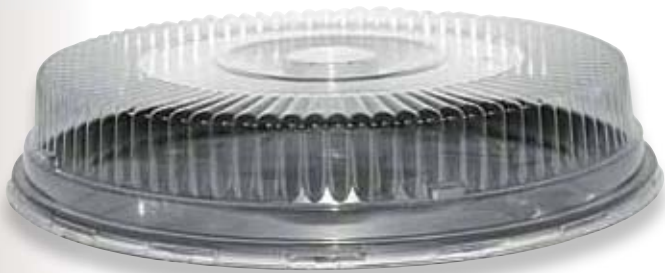

.015" & .018" Wall Thickness (OPS)

Four Sizes 12" 14" 16" 18"

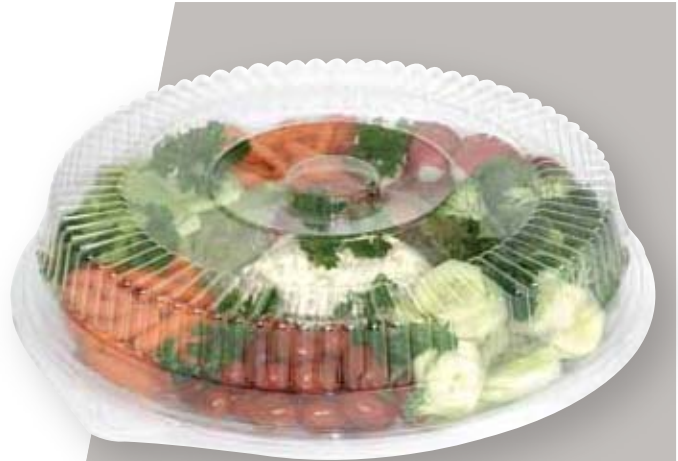

Priced to be disposable, but strong enough to be reusable. Your customers will impress their friends with these elegant party trays and not have to worry about leaving them behind.

Knob on top makes it easy to remove lid with one hand and food with other hand. Works great if you need to keep your food covered. .015 Ga.

Domes without knob allows for better viewing of food inside. .018 Ga. wall thickness adds extra strength that may be needed when transporting party trays on top of one another.

Table Clips

We have been manufacturing skirt clips for over 18 years. These clips are used to hold a table cloth and table skirt securely in place. The plastic resin used to make our clips is superior to all clips currently on the market. Our clips have been tested and proven to maintain their holding tension for ten years. They are also virtually unbreakable if stepped on. Clips can be purchased with or without the Velcro backing.

Clips are sold in quantities of 100 and 1000. All clips are packed in bags of 100. Clips are 1 1/4" wide x 1 1/8" high. Velcro backing is 1 1/4" wide x 1" high. These clips securely fit table top thicknesses from 5/8" to 1 1/8" thick.
